REFERENCE COPY

1. An Engineer School for officers is located in Karlovac.¹ The commander of the school is a General Vojnovic. The course for young officers, which includes lieutenants, non-commissioned officers and officer candidates, has an enlistment of approximately 300 students.
2. The course for young officers gives theoretical and practical training in engineering and observation. Practical instruction covers the laying of mains, construction of highways, et cetera. The students are reported to have recently visited the large depots containing construction material for bridges. The depots are the property of the state railways of Novska, Sisak and Bosanski Brod.
